- To provide quality technical education through practical learning To encourage participation in hackathons, workshops, and seminars To develop problem-solving and critical thinking skills To promote teamwork and leadership among students

SHIVJAYANTI

Date: Sat Jun 03 2023

The Department of Computer Engineering is delighted to invite you to a distinguished celebration of ****Shivjayanti**** on June 3, 2023. This auspicious occasion honors the birth anniversary of Chhatrapati Shivaji Maharaj, a visionary leader whose legacy continues to inspire generations. We encourage all faculty, staff, and students to participate in this cultural extravaganza, embracing the rich heritage of our nation through traditional attire. The event will feature insightful speeches commemorating Shivaji Maharaj's principles of leadership and governance, alongside captivating performances that showcase the vibrant cultural tapestry of our society. Join us in this formal and celebratory gathering as we pay tribute to an iconic figure and foster a sense of community and pride within our esteemed department.
